DISCLOSURES

Returns assume securities were purchased on date of recommendation at prices quoted and held until 08/13/2011. Returns are not annualized. It should not be assumed that recommendations made in the future will be profitable or will equal the performance of the securities in this list.

These results do not reflect results that may be achieved through advisory services, nor do they reflect what you may receive as an advisory client. They involve no buy or sell decisions that must be made in real-world portfolio management, there are no deductions for fees, brokerage commissions, or other expenses related to managed accounts.

The opinions expressed are those of Gabriel Wisdom and Michael Moore and do not necessarily reflect the opinions of American Money Management, LLC (AMM), an SEC registered investment advisor who serves as portfolio manager to private accounts as well as to mutual funds. Clients of AMM, Mr. Wisdom, Mr. Moore, employees of AMM, and mutual funds AMM manages may buy or sell investments mentioned without prior notice. This performance summary should not be considered investment advice. These performance results do not reflect results experienced by our clients and customers. The opinions expressed do not constitute a recommendation to buy or sell securities. Investing involves risks, and you should consult your own investment advisor, attorney, or accountant before investing in anything.

Current stock quotes are obtained primarily at <http://finance.yahoo.com>. Prices are as of the close of the market 08/31/2011. Prices are “Adjusted”, which take into account dividends therefore the returns listed do include dividends paid.
